Statline AD Air-Displacement Pipette

RETAIL PRICE LIST
 Effective: January 1, 2008

The Statline AD pipettors are adjustable within the stated volume Range and deliver the selected volume when the plunger is depressed***. All models are constructed of durable, lightweight polypropylene and have an internal tip ejector. Each pipettor comes with a calibration wrench and operating manual; tips are not included and must be ordered separately. The 10-200 μ L pipettors are designed to use generic Eppendorf® brand 0-200 μ L tips or their equivalent. The 200-1000 μ L models are designed to use exclusively Eppendorf® brand 200-1000 μ L tips. The 1-5mL models are designed to use TriContinent brand tips
